A CHRISTIAN VOICE FOR PALESTINE

## ABOUT US

As Friends of Sabeel North America, we work through a network of local activists—often including Christian leaders—to educate and orient Americans to the Boycott, Divestment and Sanctions movement.

### COMMUNITY

With local activists, Palestinian leaders, clergy members, local coordinating groups and partner organizations you're joining a community committed to justice and principled in its actions.

### ADVOCACY

Our national organizer supports and develops advocacy in pursuit of Palestinian rights, including campaigns such as HP-Free Churches, Drop G4S, No Child Behind Bars, and #Stolen Homes.

### THEOLOGY

Our Clergy Support Network, church members, and Praxis Seminary Program position us to challenge Christian Zionism through liberation theology and the prophetic call for our members to demonstrate their faith in action.

## TESTIMONIALS

"FOSNA has provided a movement to live out my values as a Christian within a community that strives to live a nonviolent and inclusive lifestyle in pursuit of an ethic of universal love and justice for all." -Rev. Don Wagner

"At this historical moment, the church needs to be taught to be the church: Christian Zionism is as financially invested in the eradication of the Palestinian people as Jewish Zionism. FOSNA is instrumental in challenging this paradigm." -Kali Rubaii
